

Professional Training for Businesses and Nonprofit Organizations

Fall 2011 Boot Camp Series Leadership in Lean Times

The Purpose....

Leadership in Lean Times, is a comprehensive, introductory course in basic leadership skills and methods, which will give attendees a solid framework for leading workgroups and working effectively with other people. The workshops will assist business owners, nonprofits and their employees in developing new perspectives and new leadership skills igniting innovative solutions in today's challenging economy.

Our Facilitator....

Lisa M. Lee, MEd. holds a Master's Degree in Education, focused on Adult Learning and Development from Plymouth State University. As a professional educator, workshop facilitator and lifelong learner, she lives and works in the Mt. Washington Valley. As a former long-term Human Resources Professional and now a Professor of Psychology, she has provided Educational, Supervisor Training and Human Development courses to assist others in finding personal and professional solutions to ever changing life and business circumstances.
